

Little Lincoln's Fireside Tales – Whoops!

Thinking Cap

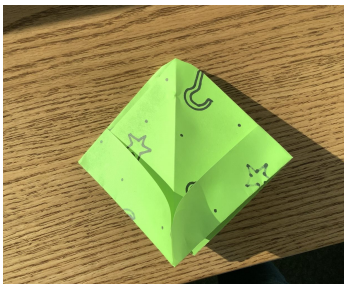

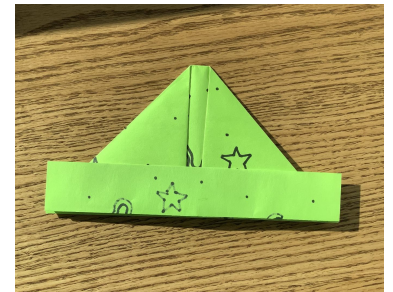

Remember that sometimes a mistake can be a chance to do something amazing! When things go wrong, put on your Thinking Cap and try to come up with a solution. Make your Thinking Cap today by following these simple steps. All you need is a piece of paper! Try using wrapping paper, newspaper, construction paper, or even a paper bag.

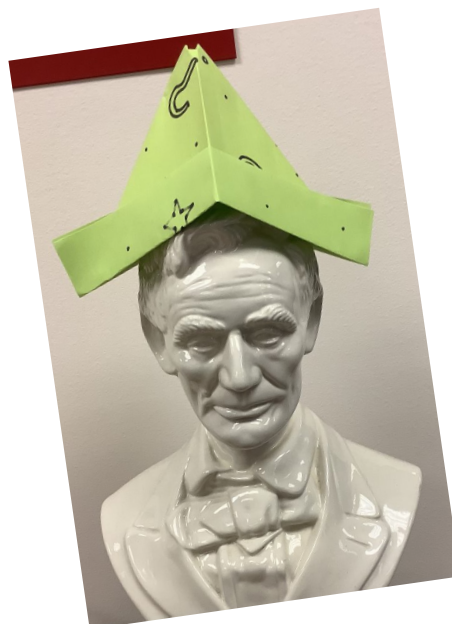

Take your piece of paper and fold it in half along the short edge.

Next, fold the corners of the paper in along the folded edge leaving the bottom open. Then fold the flaps up. It should look like this!

To make sure it fits just right, open the hat and fold it again along the short edge like this. Your finished hat should look like this!

Even Mr. Lincoln
needs a Thinking Cap!
