# Wrinkle Writing Prompts

## Summer Reading Club: *Wrinkle in Time*

In *A Wrinkle in Time*, Meg, Charles Wallace, and Calvin faced several situations on their mission to find the Murphy's lost father. Think about the following situations and write a short story with one of the prompts below detailing what *you* would have done as a solution!

1. While facing IT in Camazotz, Charles Wallace tried a number of different tactics to keep from falling into IT's power. However, Charles Wallace decides to let himself get hypnotized for the sake of finding his dad. Imagine yourself in this situation, how would you have reacted? Was letting Charles Wallace get hypnotized essential to finding their dad or could there have been another way?
2. After a difficult fight with IT, Meg is left temporarily paralyzed from the neck down. Luckily, Calvin befriends Aunt Beast and they save Meg. While Meg tries to recover, she gets the opportunity to get to know more about Aunt Beast and how she lives. If you had the opportunity to meet Aunt Beast, what would you ask? Would you have followed her advice and stayed with her in Ixchel, or go back to Camazotz?

Now start writing! Use the paper below and use more paper if you need it.
